The Good Life Project provides an opportunity for all to contribute to building healthy families and stronger communities.

The Good Life Project focuses on:

1. Building leadership capabilities in young African people.
2. Working with African women to promote healthy family relationships.
3. Providing opportunities for African men to be an influence around the stability of African families.

We would love to hear from you if you are a young person, a woman, or a man from an African background, and are interested in this project.

To get further information and/or to organise a session for your community about the good life in Australia, please contact:
