The support I received from PASS has been amazing. My counsellor has helped me with issues from both my past and things I am struggling with now. Her understanding of trauma and how it affects the way I think, feel and see the world has helped me find different approaches to my issues.

RELA059

How We Help

We provide support to people affected by adoption, including therapeutic counselling, casework, emotional support, records tracing, assistance with family search and reunion, group activities, peer support.

We Provide Support On:

- + IDENTITY AND BELONGING
- + SEARCH AND REUNION
- + TRAUMA INFORMED PARENTING
- + GRIEF AND LOSS
- + COMMUNITY AND PEER CONNECTION
- + CULTURAL IDENTITY

Who It's For

People living in South Australia who have been impacted by local or intercountry adoption.

What To Expect

Trauma informed support to those affected by adoption; information and professional development for allied health and community workers; Mentor Program for young adoptees.

Cost

There is no cost for our support services. Costs may apply to our Mentor Program.

Mentor Program

We offer a Mentor Program for young adoptees. This is an activities-based program where young adoptees get peer support and mentoring by adult adoptees.

Groups and Workshops

We provide therapeutic groups and workshops throughout the year.
