- Equipment and assets
- General operating expenses including Insurance, electricity, rent, loan or lease payments, and telephone costs
- Any activities not specifically targeted at people affected by past forced adoption practices
- Any activity where participants are charged a fee unless this is identified in the application and it does not limit access to the activity
- Any previously funded Activity that did not achieve intended outcomes

Who can apply?

Organisations and peer groups who are providing support to those affected by forced adoption.

Priority will be given to applications where there is no other funding source. Applications from organisations which already receive some funding to provide past adoption services may only be eligible for partial funding.

Funding is not available for individuals. Funds are only payable to incorporated entities not individuals. Groups that are not incorporated may apply for funding and will need to provide a nominated incorporated agency to receive funds and report on expenditure. If your group is unable to develop an association with an incorporated agency for the purpose of delivering the funded Activity, funding may

be disbursed by RASA Finance Department upon production of receipts for budgeted expenses – an administration fee may apply. Please contact FASS to discuss this.

Applications developed in partnership with other groups or organisations will be considered.

Priority consideration will be given to those applications for community needs that have not previously received funding.

How many rounds of funding will there be each year?

There will be 2 rounds of funding offered each financial year, in October and April. The amount available in the April round will be dependent on the balance of funds available following the October round in each financial year. Funding rounds will open at the beginning of the month and close on the last business day of these months.

How much funding can a group/organisation apply for?

The maximum grant payable is \$3,000 per application.

How often can my group/organisation apply?

Groups/organisations can submit more than one application for consideration per grant round, providing that they do not hold an existing open grant agreement from a previous round. An open grant agreement is one in which the activity reporting requirements have not been finalised, including financial reconciliation.
